

#NewJerseyUNIQUE ALERT #1 –

ATTN:

Governor #ChrisChristie

New Jersey Supreme Court, Chief Justice Stuart Rabner

US Attorney General – New Jersey District, Paul J. Fishman

New Jersey Acting Attorney General, John J. Hoffman

Wake up and smell the coffee !

The Great Train Robbery of the 21st Century is occurring on your watch !

1) #ZuckerGoldberg, aided by Houdini #MichaelAckermanEsq, served as #ShotGunRider for #PredatoryBanks in #NewJerseyUNIQUE and Pennsylvania, for years and years. At its height, #ZuckerGoldberg brought in \$30M+ per annum.

2) During the same time frame, #ZuckerGoldberg fronted for #YankeeTitle, and vice versa, until the #PredatoryBanks wised up to that double-dipping.

3) In the meantime, and in-between-time, #MichaelAckermanEsq opened #4sTechLLC as a lateral transfer vehicle for the most valuable assets of #ZuckerGoldberg – its electronic files now existing on 40 servers. How clever.

4) But then was then, and now is now. For the finale, #MichaelAckermanEsq and The Wasserman Legal Team have secured the permission of the New Jersey District Bankruptcy Court to destroy a treasure trove -- 12,700± cubic feet of evidence, currently stored at Access Management in New Brunswick, New Jersey, linking #ZuckerGoldberg to #RMBS #RICO crimes far and wide. (In Re Zucker Goldberg Bankruptcy Case # 15-24585)

You gentlemen are in a superb position to prevent this outrage. If you choose to sit on your hands, that speaks for itself. Without intervention from powers on high, after January 31, 2016, #MichaelAckermanEsq/#4sTechLLC will hold a monopoly on tons of bank data and records dating back as far as 1995.

Train Robbery, fait accompli.

ADVISORY - Hoffman v. Credit Suisse (Mercer County C-137-13) could use some of those soon to be destroyed files to connect banks to an assortment of #RICO crimes.

Shred in haste, repent in leisure.
